

RFP Proposal: Rapid Modernization Solution

Submitted By: BrightPath Tech | **Date:** 2026-07-15

1. Executive Summary & Requirement Understanding

BrightPath Tech delivers rapid, low-cost modernization using out-of-the-box templates and lean agile teams. Ideal for fast execution.

2. Technical Capability & Architecture

Standard cloud server deployment with REST endpoints. Suitable for medium traffic workloads. Basic horizontal scaling configured.

3. Implementation Plan & Milestones

Aggressive 3-month timeline: Setup & Deploy (Month 1), Data Transfer (Month 2), Go-Live (Month 3). Small agile team of 3 developers.

4. Commercial Value & Pricing

Component	Details	Cost (USD)
Platform Subscription	Yearly License	\$70,000
Rapid Deployment	3-Month Setup	\$35,000
Standard Support	Business Hours Support	\$15,000
Total Commercial Price	Low-Cost Guarantee	\$120,000

5. Security, Compliance & Risk Controls

Basic SSL encryption enabled. Standard password authentication. Official SOC2 certification is currently pending.

6. Support Model & Experience

Startup founded 2 years ago. Standard email support during business hours (8am - 5pm). 2 startup client references.
